

WHAT HOLDERS OF A LEVEL 1 AND LEVEL 2 SAILING CERTIFICATE MAY AND MAY NOT DO

Definitions :

- a. **Controlled Conditions:** Conditions where wind is greater than 3 knots and less than 12 knots, water is smooth and enclosed.
- b. **Supervised Conditions:** Under the control of at least a Level Three and with a powered safety boat is monitoring the sailing vessels.
- c. **Moderate Conditions:** Conditions where the wind is greater than 8 knots and less than 15 knots, water is slight (wavelets to 20cm) and enclosed.
- d. **Stronger Conditions:** Conditions where the wind is greater than 12 knots and less than 24knots, water is becoming choppy with small waves developing.

Day Activities: May be conducted as follows:

a. **Level One:**

- May skipper a single handed dinghy or double handed dinghy (to a maximum of 4 metres in controlled supervised conditions).
- May crew a sailing dinghy in moderate supervised conditions with a Level two.
- May not participate in sailing activities where the wind is greater than moderate conditions. An exception may be made if the participant is under the direct supervision a Dinghy Sailing Instructor.

b. **Level Two:**

- May skipper a single handed dinghy or multi-handed dinghy in controlled conditions provided any crew also hold a Level two.
- May skipper or crew a sailing dinghy in moderate supervised conditions.
- May crew a sailing dinghy with the holder of a Level three in stronger supervised conditions.
